### **Search Notes**

Dear Examiner Shrestha:

Please find attached the results of your search for the above-referenced case. The search was conducted in the template files.

I would have listed references of *potential* interest in the first part of the search results, if there had been any. However, please be sure to scan through the entire report. There may be references that you might find useful that I missed.

If you have any questions about the search, or need a refocus, please do not hesitate to contact me.

Thank you for using the EIC, and we look forward to your next search!

Caryn S. Wesner-Early, MSLS  
ASRC Technical Information Specialist

Abstract: It was recognising the necessity of extending the openness of its network, especially to partners' trading systems and to deliver better access to management information, that initiated a substantial IT project at Chartwell Underwriting Ltd. Chartwell Underwriting is a commercial lines insurance company, specialising in commercial liabilities and professional indemnity. Customers vary from large councils to individuals...

...from a legacy environment based upon third generation mainframe technology. Chartwell was looking for an insurance system but in 1996 when it began its market search, it found that there was...

...Toubro Information Technology Ltd. LTITL offered Chartwell an open systems environment that represented a 50 per cent reduction in development costs
